## Accessories

Since mom bought me "footprints" I get my shoes on right the first time.

# footprints® Safari Shoe Stickers

Footprints Shoe Stickers help kids tell their left from their right so they put their shoes on correctly, and do so all by themselves. The simple concept of matching split animal images makes identifying left from right shoes instinctive.

- Help kids feel independent
- Creates self-confidence and self-sufficiency
- Promotes problem-solving
- Fun and educational
- Requires no reading - simply match the animal halves

Footprints Shoe Stickers are made of moisture-proof vinyl that withstands wear and tear and is durable. They can be adhered to a variety of materials such as cloth, vinyl, leather and plastic. (Note: The sticker material does not adhere well to certain bumpy, textured shoe materials).
